

Bagdad and Gladden MOAs - Alternatives

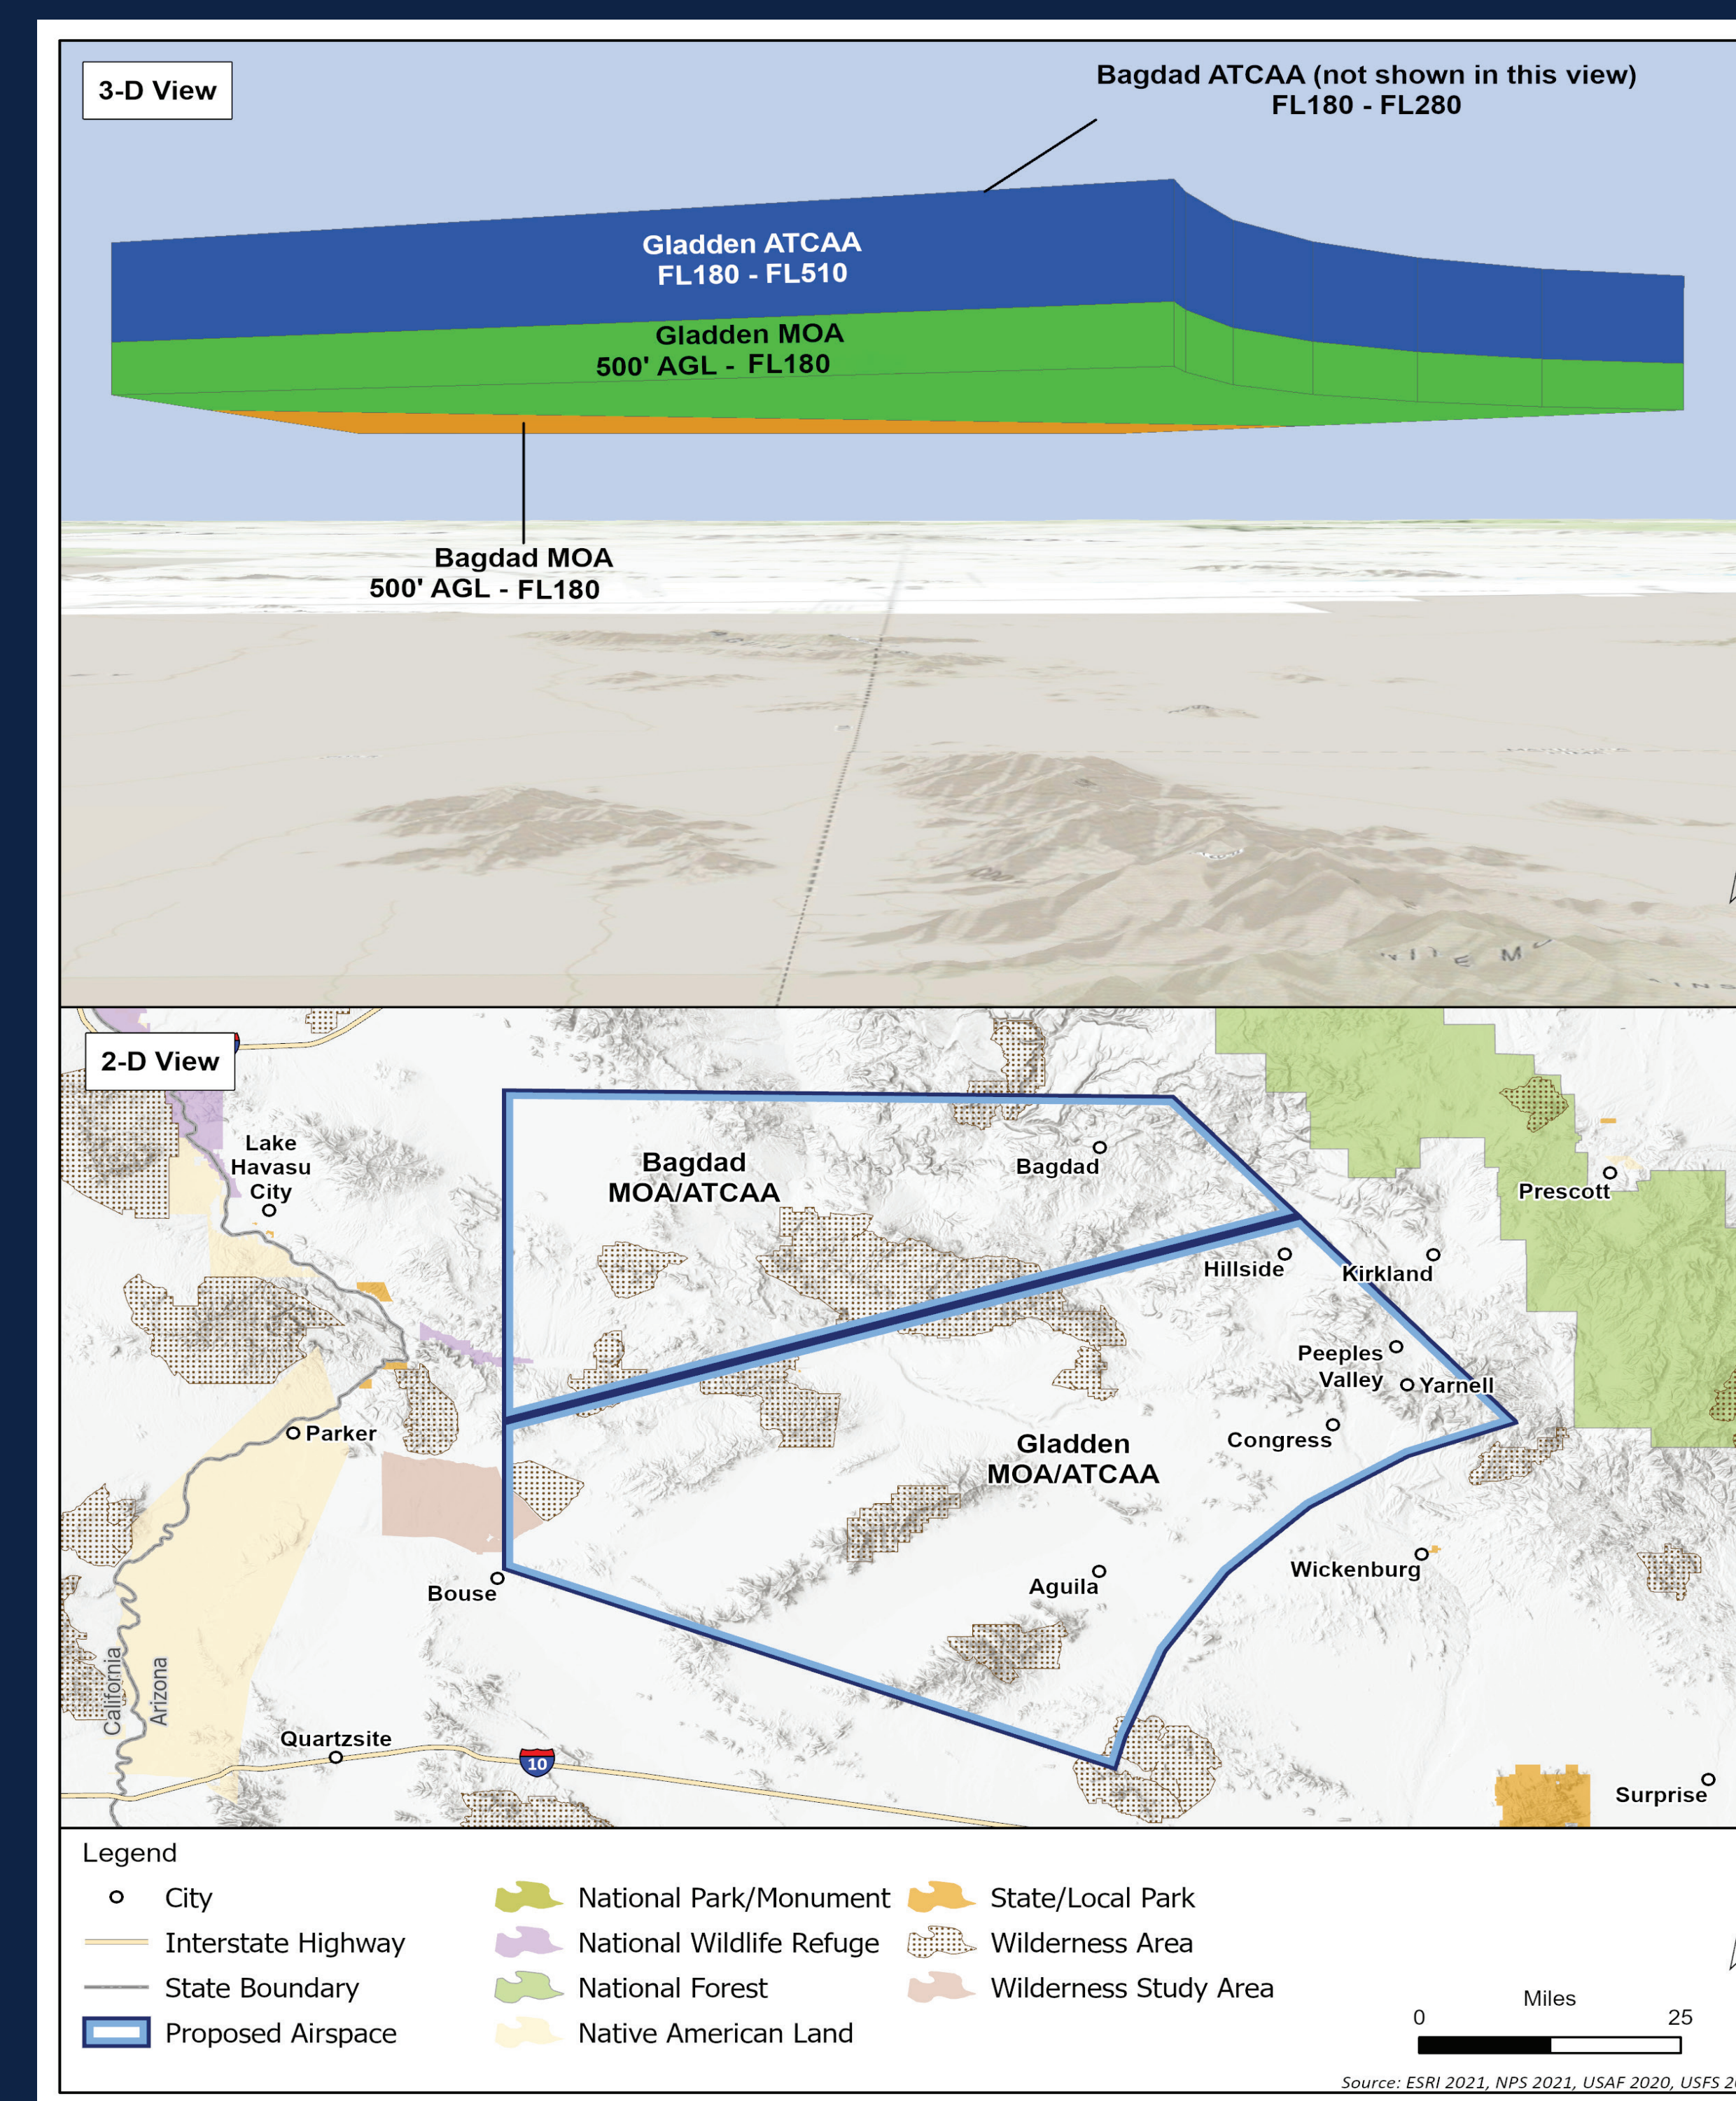

Alternative 1: No Action (Existing Use)

Currently, the MOAs are used as follows:

- Times of use: 0600 – 1900 Monday through Friday; other times by Notice to Air Missions (NOTAM)
- Supersonic authorized above 10,000 feet MSL
- Chaff/Flares authorized above 5,000 feet AGL

Alternative 2

- Proposed times of use: 0600 to 0000 Monday through Friday; other times by NOTAM
- Lower floor of both to 500 feet AGL.
- Authorize chaff/flares above 2,000 feet AGL instead of 5,000 feet AGL.

Alternatives 3 and 4

- These alternatives would have the same proposed changes to the Bagdad and Gladden MOAs as Alternative 2.
